

Algebra Homework (Due Thursday, March 6):

Visit this web site:

Discover Engineering at <http://www.discoverengineering.org>.

The site is sponsored by Tokyo Electron, a Japanese electronics manufacturing company. The "About Engineering" page lists about 10 categories of engineering and is at:

http://www.discoverengineering.org/eweek/about_eng.htm

Journal Assignment:

Explore the categories of engineers and make a journal entry that describes three (3) types of engineers. That is, what are they and what do they do and/or make. Use your own words and use complete sentences. Finally, explore the site and include a description of any other site information or activities that interest you.

Bonus (optional):

Visit this site: <http://www.swe.org>.

After exploring the site add a brief journal entry describing what you learned during your exploration.
